Our partners **Márcio Pereira** (Environmental, Climate Change and Mining), **Felipe Prado** (Financial and Capital Markets) and associate **João Raso** (Mining practice coordinator) were in Toronto, Canada, to attend the annual conference of the Prospectors and Developers Association of Canada (PDAC). They also attended various side events taking place in the city during the conference and visited local clients and firms.

Related areas

Environmental, Climate and
Mining

While in Canada, **Márcio Pereira** gave the opening speech at the Brazil-Canada Mining Lunch organized by the Brazil-Canada Chamber of Commerce (BCCC), and **João Raso** took part in the panel on “Innovation in Mining”, where he discussed the use of AI, IoT and other technologies in the legal and mining sectors, together with other experts in the field.
