We are proud to announce that we have been named **Law Firm of the Year** in **Sustainability** at the third edition of **The Latin American Lawyer Energy & Infrastructure Awards**.

In addition to the recognition won by the firm, our partner Ana Cândida de Mello Carvalho was honored with the **Lawyer of the Year award** in the **Infrastructure category**.

The award ceremony in São Paulo was attended by specialists in Energy and Infrastructure. Prior to the delivery of the awards, a panel on "*Building Tomorrow: Energy and Infrastructure 2025 and Beyond*", which included our Energy associate, Bruna de Barros Correia, discussed issues that will shape the sector in the coming years.

These awards reflect our practitioners' dedication and our multidisciplinary approach to the challenges and opportunities in today's markets.

Congratulations to all!
