Chambers and Partners has released **Chambers Brazil: Industries, Sectors and Regions**, its guide to top law firms and lawyers in the country.

Starting in 2021, Brazil has its own guide, and no longer be part of the Latin American edition. Chambers Brazil is divided into three parts: Chambers Brazil: Contentious, which was released in March, Chambers Brazil: Industries & Sectors and Regions, released today, and Chambers Brazil: Transactional, which is expected in October of this year.

In the second phase of the Chambers Brazil publications, BMA was ranked in three areas: **Environment, Media & Entertainment and Tech**. BMA attorneys Beatriz Paulo de Frontin and Márcio Pereira, and, for the first time, Felipe Palhares and Pedro Barroso, were all ranked in the guide.

We are pleased to appear in this newest **Chambers Brazil** publication, highlighting our work in different sectors.

Congratulations to our lawyers for the excellence of the work they do every day, and their contribution to the development of our firm and achievement of recognition such as this.
