Recognition Dispute Resolution

GAR100 2024 has highlighted BMA for its work in international arbitrations in various sectors of the economy, such as steel, textiles, construction, oil & gas, logistics, agribusiness, finance, mining, automobiles, education, and energy, and for its multidisciplinary approach in acting for large clients in Latin America.

Congratulations to our whole team on this recognition, which is the result of our ongoing dedication to excellence and the trust deposited in us by our clients.
