Recognition

We are proud to share that the work of our lawyers has once again been recognized by the **LACCA Approved 2026** guide, published by the British group **Law Business Research** — one of the leading international publications highlighting the most admired legal professionals in Latin America.

In this edition, **18 BMA professionals** were recognized — **12 in the Thought Leader category** and **6 in the Approved category** — a result that reinforces the firm's technical excellence, commitment, and leadership across several areas of business law.

The **LACCA Approved** recognition is based on votes from hundreds of the region's top general counsel, underscoring the trust and respect the market places in our team.
