Commercial Contracts and Franchises

Professional experience

He has experience in drafting, reviewing, and negotiating complex agreements, in addition to providing strategic advice to domestic and foreign clients on the structuring and expansion of commercial networks.

His practice includes leading contractual due diligence projects, focusing on risk identification and the development of solutions aligned with clients' business objectives. He also advises on regulatory matters and on adapting contractual models to the specificities of different sectors, with a consistent focus on mitigating legal risks and enhancing the operational efficiency of commercial structures.

Education

Specialization in Contract Law – Fundação Getulio Vargas (ongoing).

LL.B. – Universidade Presbiteriana Mackenzie (2025).
