Professional experience

Caio has experience in advising national and international clients on regulatory issues, transactions involving mining activities, financing, M&A operations, and capital markets in the mineral sector, as well as administrative litigation.

His primary clients include large and medium-sized mining and steel companies, traders, financial institutions, and companies focused on critical and strategic minerals.

Education

Master's in Contract Law – Universidade Federal de Minas Gerais (ongoing).

Post-graduation in Mining Law – CEDIN – Faculdade de Direito e Negócios (2023).

LL.B – Universidade Federal de Minas Gerais (2022).
