Corporate and M&A

Professional experience

His practice also encompasses construction projects, complex contracts, infrastructure, technology, crypto/blockchain, and real estate transactions of a corporate nature involving shopping centers and other assets.

He represents some of the largest national and international companies across various economic sectors, including real estate (shopping centers and other property assets), finance, infrastructure, energy, mining, and technology.

Daniel worked as a foreign attorney at Uría Menéndez – Proença de Carvalho in Madrid, focusing on M&A and Financial and Capital Markets, and at Mannheimer Swartling in Stockholm, further enhancing his international experience in corporate, transactional, and technology-driven matters.

Education

LL.M. in International Business Law no Instituto de Empresa S.L. – IE Law School, Madrid, Spain (2017).

LL.B. – Faculdade de Ciências Aplicadas – IBMEC (2010).
